## COMPANY PROFILE

FROM ISTANBUL TO ALL OVER THE GLOBE

Arcoglobal believes in the power of innovation, craftsmanship, and expertise for 12 years. As luxury retail shopfitters, our expertise in contracting and millwork has paved the way to tell our success story today. It started in our Istanbul office and expanded all over the globe: Dubai, London, and San Francisco. We currently work in 5 offices, with 120 team members and 50+ global clients at 17+ countries.

## QUALIFICATIONS

We are looking for a packaging engineer (Verpackungstechniker) in Millwork area.

The candidate should have:

- Experience in furniture packaging (especially packaging for the shipment to abroad), storage and transport techniques
- Good knowledge in English. Turkish will be a plus
- Willingness to work in Istanbul
- Good communication skills
- Knowledge in quality management will be a plus

## JOB DESCRIPTION

We aim to improve our packaging, storage and transport systems and look for the latest know-how in this field. The candidate should develop solutions for goal oriented, qualified and cost effective packaging for safe delivery of the goods to destinations.

We are open for full-time, part-time and temporary positions.
